

CPT codes for pre-authorization

Otology

99205 – New patient consult *or* 99245 – 2nd Opinion New patient consult
92504 – Binocular otomicroscopy
69210 – Impacted cerumen removal
95992 – Epley maneuver
69801 – Gentamicin injection

Balance and Falls - Audiogram

92552 – Pure tone audio (threshold air only)
92556 – Speech audio threshold w/ speech recognition
92557 – Comprehensive aud eval
92567 – Tympanometry
92550 – Tympanometry and acoustic reflex threshold testing
92570 – Tympanometry, reflexes, and reflex decay
92587 – Evoked otoacoustic emissions, limited

Balance and Falls – Vestibular Testing

92540 – Basic vestibular evaluation
92541 – Spontaneous nystagmus test, including gaze and fixation nystagmus
92542 – Positional nystagmus test
92537 – Caloric vestibular test with recording, bithermal
92538 – Caloric vestibular test with recording, monothermal
92544 – Optokinetic nystagmus test, directional, foveal
92545 – Oscillating tracking test with recording
92546 – Sinusoidal vertical axis rotation testing
92585 – Auditory evoked response testing (VEMP)
92586 – Auditory evoked response testing (VEMP)

Physical Therapy

97163 – Evaluation
97112 – Neuromuscular re-education [8 units/visit]
97530 – Isokinetic activity [8 units/visit]
97110 – Therapeutic exercise [8 units/visit]

Neurology

99205 – New patient consult
